Many supernatural creatures are said to inhabit our world. Their magical, wonderland realm has been the subject of many books, movies, and our childhood dreams. In this richly illustrated book, 30 designers from around the world transform natural settings into enchanting displays that recreate that sense of wonder. Using artificial flowers, fabric, sticks, wire, crystals, berries, acorns, baskets, and polymer clay, these designers have been inspired to create their own once upon a time fairy home and garden for special events, storytelling, or just because they believe in fairies. In doing so, they tap into our inner child and help us to imagine a new world. This is a wonderful resource for designers and artists, as well as parents, teachers, or anyone looking to create their own magical place.
