Inclusive Education: A Global Agenda (International Perspective on Reading Assessment) Seamus Hegarty, Cor and Meijer, Sip Jan Pijl

The way in which special education is conceived varies around the world, and practice varies accordingly.

One of the current debates concerns the concepts of mainstreaming, integration and inclusion - and whether these are in fact different concepts, or simply different terminology.

This book is based on the assumption that inclusive education is a necessary part of providing high quality education for all. Using international examples, it clarifies the rationale for inclusion and demonstrates how it can be put into practice.
