In the dark days of Britannia after Rome had left and before England was forged, there was an uneasy peace between the indigenous Britons and the new immigrant races; forced to live side by side in a multitude of small kingdom-states. Northumbria was one such kingdom, principally Anglo-Saxon it lived in a precarious peace with its British neighbours to the North and West. This is the story of one inhabitant of Northumbria, Oswald; told through his eyes, and who went on to become its king and regarded by many as a saint. It is also a love story as well as a tragedy. Commanded by his uncle, the king, to escort his future bride and queen, Ethelburga, from Kent, Oswald falls in love with her. The consequences of that are not only profound for Oswald, but also his future kingdom, Northumbria. This is the first book in a trilogy, plotting the rise and fall of Oswald and his successors over the next hundred years until the invasion of the vikings.
