Douglas Southall Freeman

Lee Douglas Southall Freeman

Douglas Southall Freeman's Pulitzer Prize-winning biography of Robert E. Lee was greeted with critical acclaim when it was first published in 1935. This reissue chronicles all the major aspects and highlights of the general's military career, from his stunning accomplishments in the Mexican War to the humbling surrender at Appomattox.

More than just a military leader, Lee embodied all the conflicts of his time. The son of a Revolutionary War hero and related by marriage to George Washington, he was the product of young America's elite. When Abraham Lincoln offered him command of the United States Army, however, he chose to lead the confederate ranks, convinced that his first loyalty lay with his native Virginia. Although a member of the planter class, he felt that slavery was "a moral and political evil." Aloof and somber, he nevertheless continually inspired his men by his deep concern for their personal welfare.

Freeman's biography is the full portrait of a great American—a distinguished, scholarly, yet eminently readable classic that has linked Freeman to Lee as irrevocably as Boswell to Dr. Johnson.

From reader reviews:

Anna Yates:

Do you among people who can't read pleasant if the sentence chained in the straightway, hold on guys this specific aren't like that. This Lee book is readable by simply you who hate the perfect word style. You will find the details here are arrange for enjoyable examining experience without leaving also decrease the knowledge that want to provide to you. The writer connected with Lee content conveys the thought easily to understand by lots of people. The printed and e-book are not different in the content but it just different as it. So , do you still thinking Lee is not loveable to be your top record reading book?

Elnora Perry:

Information is provisions for people to get better life, information presently can get by anyone on everywhere. The information can be a understanding or any news even an issue. What people must be consider whenever those information which is from the former life are challenging be find than now could be taking seriously which one would work to believe or which one the particular resource are convinced. If you find the unstable resource then you understand it as your main information you will see huge disadvantage for you. All of those possibilities will not happen within you if you take Lee as the daily resource information.

Patrick Pierce:

Reading can called thoughts hangout, why? Because while you are reading a book specially book entitled Lee the mind will drift away trough every dimension, wandering in every aspect that maybe unknown for but surely will become your mind friends. Imaging just about every word written in a guide then become one contact form conclusion and explanation this maybe you never get before. The Lee giving you a different experience more than blown away the mind but also giving you useful data for your better life within this era. So now let us explain to you the relaxing pattern is your body and mind will likely be pleased when you are finished reading it, like winning an activity. Do you want to try this extraordinary wasting spare time activity?

Mark Smith:

Do you like reading a book? Confuse to looking for your best book? Or your book was rare? Why so many concern for the book? But any kind of people feel that they enjoy with regard to reading. Some people likes studying, not only science book but in addition novel and Lee or others sources were given information for you. After you know how the great a book, you feel need to read more and more. Science publication was created for teacher or perhaps students especially. Those textbooks are helping them to bring their knowledge. In different case, beside science e-book, any other book likes Lee to make your spare time considerably more colorful. Many types of book like this.
