Slavery 101: Amazing Facts You Never Knew About America's "Peculiar Institution" Lochlainn Seabrook

If you got your knowledge of American slavery from school textbooks or mainstream history books, you can be sure that most of this information is not only incorrect, but was intentionally distorted and rewritten to conceal the truth. Why? Because the Liberal establishment does not want you to know that the American Civil War was not fought over slavery, that Abraham Lincoln was not the "Great Emancipator," that American slavery got its start in the North, that the American abolition movement was born in the South, that true slavery was never practiced in the South, that white racism was far more severe in the North than in the South, and that hundreds of thousands of blacks fought for the Confederacy, among scores of other irrefutable facts. To correct these errors, award-winning historian and slavery scholar Lochlainn Seabrook has written "Slavery 101: Amazing Facts You Never Knew About America's 'Peculiar Institution,'" which presents 84 key items about human bondage in the U.S. that have been diabolically deleted from our history books. A highly condensed version of Mr. Seabrook's massive, detailed work, "Everything You Were Taught About American Slavery is Wrong, Ask a Southerner!," "Slavery 101" brings the truth back to light, helping not only to re-balance our heavily biased, Northern-slanted history books, but aid in placing the South back in its rightful place on the stage of world history. Generously illustrated with rare 19th-Century images, this brief but impactful assemblage of little known, seldom discussed facts also contains an index, notes, and a bibliography. Learn the truth for yourself: American slavery was nothing like you were taught! And this book provides the historical proof based on eyewitness accounts from those who lived at the time. Civil War authority Lochlainn Seabrook, recipient of the prestigious Jefferson Davis Historical Gold Medal and a descendant of numerous Confederate soldiers, is the sixth great-grandson of the Earl of Oxford and the author of over forty popular books for all ages. A seventh-generation Kentuckian of Appalachian heritage who is known as the "new Shelby Foote," Seabrook has a forty-year background in the American Civil War, Confederate studies, Southern biography, and international slavery, and is the author of the runaway bestseller, "Everything You Were Taught About the Civil War is Wrong, Ask a Southerner!"
