Story Behind the Book

"The day I realized I didn't know anything about money—even though I have a business degree and experience hosting a national business radio show for women—was the day I held my baby girl in my arms for the first time. I did not have a choice about whether to work or stay at home; we simply didn't have enough money. After applying this financial model, I was able to walk away from a job in television news

that I had held for fourteen years. God means it when He offers us abundant life, here and eternally. This book reveals a realistic example for today's women who long to be free and have meaningful, prosperous lives."
