A Trip to the Stars: A Novel Nicholas Christopher

“A large, lavishly inventive novel . . . an American descendant of *The Arabian Nights* . . . erudite and artful entertainment.”—*The New York Times Book Review*

At a Manhattan planetarium in 1965, ten-year-old Enzo is whisked away from his young adoptive aunt, Mala. His abductor turns out to be a blood relative: his great-uncle Junius Samax, a wealthy former gambler who lives in a converted Las Vegas hotel surrounded by a priceless art collection and a host of fascinating, idiosyncratic guests. In Samax’s magical world, Enzo receives a unique education and pieces together the mystery of his mother’s life and the complicated history of his adoption. Back in New York, Mala only knows that Enzo has disappeared. After a yearlong search proves fruitless, she enlists in the Navy Nursing Corps and on a hospital ship off Vietnam falls in love with a wounded B-52 navigator, who disappears on his next mission. Devastated again, Mala embarks on a restless, adventurous journey around the world, hoping to overcome the losses that have transformed her life.

Fusing imagination, scholarship, and suspense with remarkable narrative skill, Nicholas Christopher builds a story of tremendous scope, an epic tale of love and destiny, as he traces the intricate latticework of Mala’s and Enzo’s lives. Each remains separate from each other but tied in ways they cannot imagine—until the final miraculous chapter of this extraordinary novel.

“A writer of remarkable gifts.”—*The Washington Post Book World*

“This labyrinthine novel . . . is animated by an encompassing lust for beauty.”—*The New Yorker*

“[Nicholas] Christopher is North America’s García Márquez; Borges with emotional weight. . . . This is one of those rare books that, by connecting the stars, catches you in its web.”—*The Globe and Mail*

Includes an excerpt of Nicholas Christopher’s *Tiger Rag*

This kind of book can be one of one step for you to get success. This book offer you information that perhaps your friend doesn't realize, by knowing more than various other make you to be great folks. So , why hesitate? Let us have A Trip to the Stars: A Novel.

Steve Pinson:

As a student exactly feel bored to reading. If their teacher expected them to go to the library in order to make summary for some publication, they are complained. Just tiny students that has reading's heart and soul or real their leisure activity. They just do what the trainer want, like asked to the library. They go to right now there but nothing reading seriously. Any students feel that studying is not important, boring as well as can't see colorful images on there. Yeah, it is to get complicated. Book is very important for yourself. As we know that on this age, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. Therefore , this A Trip to the Stars: A Novel can make you sense more interested to read.
