Siftings (American Land Classics) Jens Jensen

One of Americas greatest landscape designers and conservationists, Jensen used native plants to introduce the influential Prairie style of landscape architecture. In *Siftings*, Jensen shares his memories of "wandering in many lands" and his life in the heart of Middle America. His recollections?like his designs?express a love of natural landscapes and regional cultures. As he sifts through a lifetime of ideas about gardens, cities, towns and parks, Jensen makes an eloquent case for a natural style of American landscape.
