Can a land of exotic enchantment melt the enmity between Alex and Dan before it's too late?

Days before starting a history-making excavation in a remote sector of the Valley of the Kings, Dr. Alexandria Randall's father, a fellow Egyptologist, goes missing. Alex will stop at nothing to find her father—a gargantuan task in an ancient land where she doesn't make the rules—even if she's also a target. Alex must swallow her pride and ask for protection from an arrogant journalist named Dan. To find her father, Alex must play Dan's wife—a ruse that both find insufferable. But with her father's life hanging in the balance, Alex is determined to make their mock marriage work.
