**Locating and Correcting Reading Difficulties (8th Edition)** James L. Shanker, Eldon E. Ekwall

Updated and reorganized to be even more useful, this popular book's twenty-nine chapters divided into six major sections once again provide busy pre-service and in-service reading teachers the essential tools they need—specific, concrete methods—for helping struggling readers become successful readers. **KEY TOPICS** The authors' easy-to-read language effectively explains what to do in the diagnostic/remedial process; and twenty-four exceptionally thorough appendices offer hands-on tools for doing it. While individual instruction is clearly identified as the ideal, numerous strategies are also offered for both small- and large-group instruction. Emphasis is on direct instruction, motivational learning activities, and “practice, practice, practice.” For elementary school reading teachers.
