The Development of the American Presidency

Richard J. Ellis

The Development of the American Presidency Richard J. Ellis

A full understanding of the institution of the American presidency requires us to examine how it developed from the founding to the present. This developmental lens, analyzing how historical turns have shaped the modern institution, allows for a richer, more nuanced understanding beyond the current newspaper headlines. *The Development of the American Presidency* pays great attention to that historical weight but is organized by the topics and concepts relevant to political science, with the constitutional origins and political development of the presidency its central focus. Through comprehensive and in-depth coverage, this text looks at how the presidency has evolved in relation to the public, to Congress, to the Executive branch, and to the law, showing at every step how different aspects of the presidency have followed distinct trajectories of change. All the while, Ellis illustrates the institutional relationships and tensions through stories about particular individuals and specific political conflicts.

Ellis's own classroom pedagogy of promoting active learning and critical thinking is well reflected in these pages. Each chapter begins with a narrative account of some illustrative puzzle that brings to life a central concept. A wealth of photos, figures, and tables allow for the visual presentations of concepts. A companion website not only acts as a further resources base—directing students to primary documents, newspapers, and data sources—but also presents interactive timelines and practice quizzes to help students master the book's lessons. The second edition a new chapter on unilateral powers that brings greater attention to domestic policymaking.

From reader reviews:

Nancy Baumgardner:

What do you consider book? It is just for students as they are still students or that for all people in the world, what the best subject for that? Just simply you can be answered for that concern above. Every person has several personality and hobby per other. Don't to be pushed someone or something that they don't need do that. You must know how great as well as important the book The Development of the American Presidency. All type of book is it possible to see on many resources. You can look for the internet methods or other social media.

Thelma Scott:

Do you like reading a reserve? Confuse to looking for your selected book? Or your book was rare? Why so many query for the book? But virtually any people feel that they enjoy for reading. Some people likes looking at, not only science book but novel and The Development of the American Presidency as well as others sources were given knowledge for you. After you know how the great a book, you feel would like to read more and more. Science reserve was created for teacher or even students especially. Those ebooks are helping them to put their knowledge. In additional case, beside science reserve, any other book likes The Development of the American Presidency to make your spare time considerably more colorful. Many types of book like here.

Anne Corchado:

As a university student exactly feel bored to reading. If their teacher requested them to go to the library or to make summary for some e-book, they are complained. Just tiny students that has reading's soul or real their pastime. They just do what the teacher want, like asked to go to the library. They go to right now there but nothing reading critically. Any students feel that studying is not important, boring and also can't see colorful images on there. Yeah, it is to get complicated. Book is very important to suit your needs. As we know that on this period of time, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. Therefore , this The Development of the American Presidency can make you feel more interested to read.

Robert Rascoe:

What is your hobby? Have you heard that will question when you got learners? We believe that that query was given by teacher with their students. Many kinds of hobby, Everybody has different hobby. So you know that little person similar to reading or as looking at become their hobby. You need to understand that reading is very important as well as book as to be the thing. Book is important thing to increase you knowledge, except your teacher or lecturer. You will find good news or update regarding something by book. Amount types of books that can you decide to try be your object. One of them is The Development of the American Presidency.
