The Odyssey of The Moricet: English Translation

Roger Morissette

The Odyssey of The Moricet: English Translation Roger Morissette

In June of 1661, the sailboat The Moricet left the port of La Rochelle in the direction of New-France. Onboard this ancient vessel of war we notably find the merchant Mathieu Morisset and several members of his family. They navigate with hearts full of hope in search of a new life. They will establish residency on what is now Canadian soil and they will be the origin of fruitful descendants. Through this novel, which is based on rigorous research, Roger Morissette recounts the facts and doings of the Morissets of the 17th century, from their birth in the west of France to their establishment on the banks of the majestic Saint-Lawrence River. Futures with restricted possibilities for themselves and their descendants persuaded many Europeans to venture towards this new land of limitless opportunity. This fictional story using actual dates, events and places of the real ancestors of the first French peoples who settled in Eastern Canada gives the reader a true sense of the daily adventures that the Morisset family bravely faced in establishing their French heritage in North America. The author's writing style captivates the sensitive heart and pulls the reader into the personal lives of his characters.
