Central De Serviços Com Software Livre (Portuguese Edition)

Halexandro De Freitas Sales

Central De Serviços Com Software Livre (Portuguese Edition) Halexandro De Freitas Sales

Halexandro não escreve para os grandes bancos e indústrias que contam com dezenas de funcionários de TI (o que não significa que não possam aprender com ele). Escreve para 95% da massa de empresas brasileiras formadas por quatro a dez pessoas em sua área de TI. Seu estilo de escrita permite manter uma conversa direto com o leitor, o que cria um nível de intimidade e aproximação muito bom. Nessa obra ele atalha caminhos e tempos, oferecendo um manual bê-á-bá (todos apreciamos ler sobre a teoria, mas na hora de apresentar resultados, a experiência prática dos outros agiliza o trajeto e incrementa nossa produtividade) de como instrumentalizar o departamento de suporte para obter o máximo de proveito da tecnologia disponível. Ensina a montar um Service Desk de cabo a rabo reunindo as peças do software GLPI como um Lego: desde os passos da instalação do software, suas configurações até detalhes complexos como criação do portfólio de serviços, a administração da base de conhecimento e outros detalhes como a integração com LDAP. Para quem deseja acelerar o amadurecimento de seu setor de atendimento, ler o texto será feito o empuxe da decolagem de um jato: segure-se, por que estará além do que espera em poucas horas de leitura.
