## **Millennium: A Memoir** Peri Hoskins

It's December 1999, the cusp of a new millennium. The tiny Pacific Kingdom of Tonga will be first nation in the world to usher it in. Our narrator takes us there to see the sun set on the old and the dawn rise on the new. We discover much more.

In a time and place of old customs we see the gentle advance of the new. This Pacific paradise is home to a diverse group of human beings at this unique time. Our journey through many human exchanges – quirky, funny, and sad – accompanied by quotes from Hindu scripture echoes through the millennia and asks us what it is to be human in these dark times.

This book constantly entertains and delves beneath a fascinating surface to examine the quality of our age.

*Millennium—A Memoir* is a novella-sized slice of life travelogue that evokes the work of Ernest Hemingway.

It is Peri Hoskins' debut literary work.
