Lost and Found: Adrift in the Canadian Rockies Jamey Glasnovic

For many people, moving to a mountain town is the realization of a dream, the final step in a pilgrimage to a relaxed lifestyle in a rugged and beautiful setting. After a long journey that began when he was a teenager in the 1980s with the vague idea there might be a better life somewhere “out west,” Jamey Glasnovic eventually fled the chaos and stress of the big city and tried to settle into an uncomplicated Rocky Mountain existence.

Canmore, Alberta, a small community nestled in a picturesque valley situated right at the edge of Banff National Park, should have been the perfect end to his searching. A rapidly growing town emerging on the tourism radar can strain anyone’s definition of paradise, however, and *Lost and Found* is Glasnovic’s account of his attempt, in the fall of 2008, to recapture the simple wonders of living on the boundaries of a vast wilderness.

A spirited amble by bicycle and on foot, inspired by the work of Bill Bryson, *Lost and Found* explores the heart of the Rocky Mountain Parks, a UNESCO World Heritage Site known for its staggering beauty, and examines the consequences of celebrating that beauty too effectively with mass tourism and over-ambitious development. Eschewing the convenience of motorized transportation, Glasnovic earns every kilometre that passes beneath his feet, and along the way he learns a thing or two about feeling profoundly connected to place. An experience some would describe as being home.
