Negotiation within Domination: New Spain's Indian Pueblos Confront the Spanish State

Negotiation within Domination: New Spain's Indian Pueblos Confront the Spanish State

Although indigenous communities reacted to Spanish presence with significant acts of resistance and rebellion, they also turned to negotiation to deal with conflicts and ameliorate the consequences of colonial rule. This affected not only the development of legal systems in New Spain and Mexico but also the survival and continuation of traditional cultures.

Bringing together work by Mexican and North American historians, this collection is a crucially important and rare contribution to the field. *Negotiation within Domination* is a valuable resource for native peoples as they seek to redefine and revitalize their identities and assert their rights relating to language and religion, ownership of lands and natural resources, rights of self-determination and self-government, and protection of cultural and intellectual property. It will be of interest primarily to specialists in the field of colonial studies and historians and ethnohistorians of New Spain.
